OUR UNIFORM

Our uniforms are a form of discipline, dedication and determination which resonates with the value we bring to our valued partners and customers at The Great Haus. The idea of our uniforms were inspired by the concept of 'Omotenashi' which means wholeheartedly to look after guests.

You can be assured that we will put your needs above all else, which is The Great Haus' quality hospitality that we wear proudly on our sleeves.

Uniforms at The Great Haus are kept with today's fashion notes yet providing our members with an accentuated fit that will allow them to mobilise comfortably, no matter the occasion or location.

The standard uniform is differentiated by 2 kinds: The Gents and The Ladies. As we are all unique in our own way, the same goes without saying that every Great Haus member brings bespoke, high quality services to our valuable customers.

▲ The Ladies' Uniform is finished with a timeless "pussy bow" which derived from the 1930s.

► The Gents' Uniform is inspired by French Cuff Shirts which can be complemented with a pair of cufflinks.

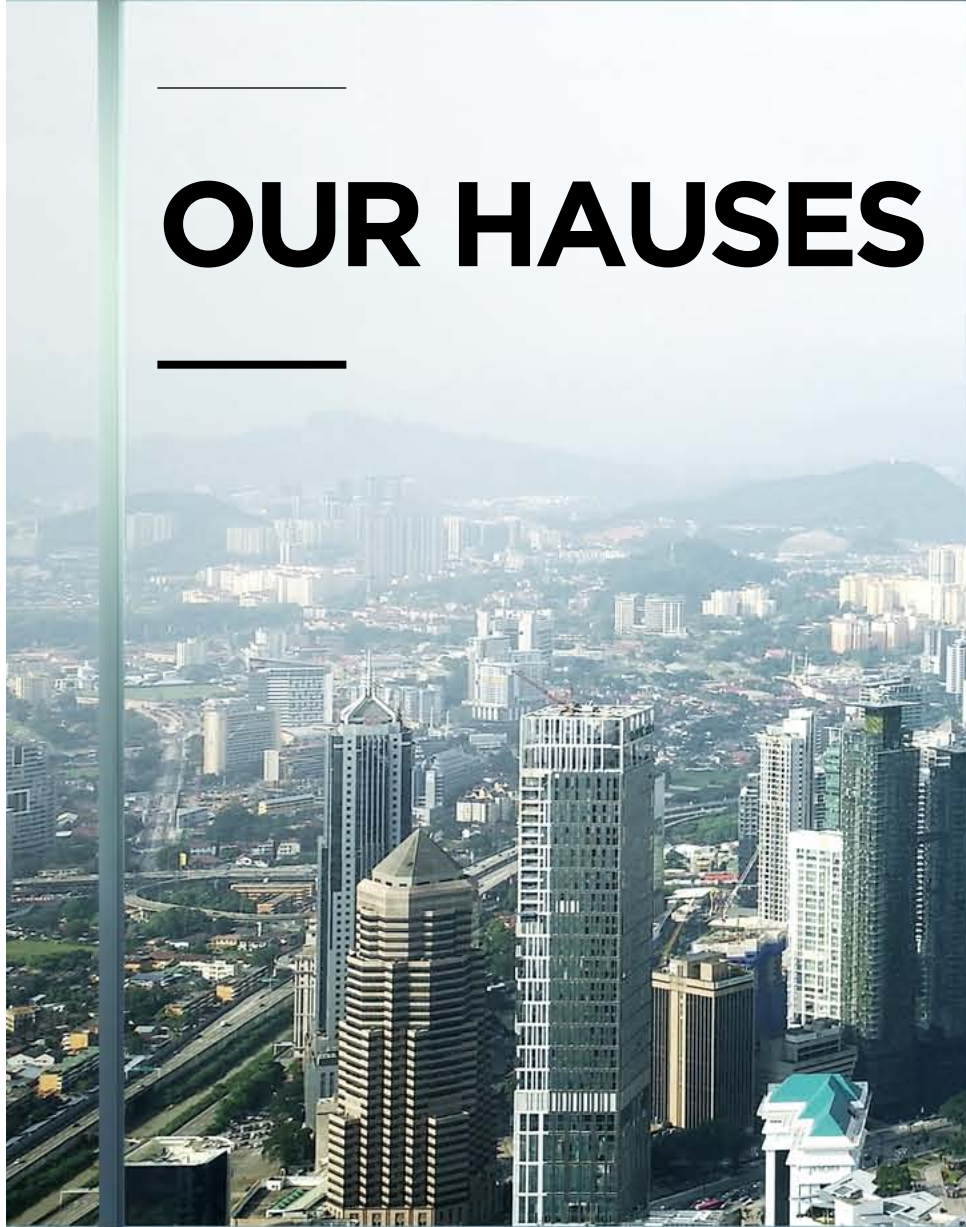

Bottoms are not restricted when it comes to color or style, we leave room for each individuals' creative style to let their personality match with professionalism.

Materials of the uniforms are made of Royal Kings. For thicker and better texture, Oxford was used for the weave type instead of the ordinary poplin.

Attention to detail to design were taken to tailor our members' uniforms which is the same that we practice in our services to ensure you are able to live your best life with us and how our valued guests are able to excel beyond their imagination.

This isn't just a uniform to us. This uniform is our language which allows us to deliver excellence beyond your imagination.
